Enhance and protect your home's entry with Upstate Door's Screen/Storm door options. All doors can be completely customizable to match any design without compromising quality and durability. The glass and screens are easily interchangeable and can protect against the elements or let the fresh air breeze right through. Our handcrafted quality screen/storm doors standards include:

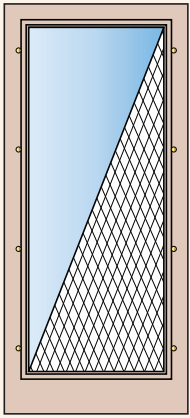

- Screen/storm sash sticking matches the door sticking (some restrictions apply)
- Stile and rail flats are dimensioned to maximize exposure of your exterior door
- Door and sash are flush
- Each joint is glued and doweled under pressure
- West System® marine epoxy is used to eliminate movements at the joints
- We use the highest grade wood species to hold up against the elements
- The screen is secured with a spline for easy replacement
- A variety of wood species and finishing options are available
